GIRRAWEEN
COUNTRY INN

REST · INDULGE · BREATHE

FIRE PIT GUIDELINES

Our fire pit areas are for everyone's enjoyment.
Please follow these guidelines to keep our guests, staff and environment safe.

USE OVERSIZE WOOD ONLY
Please use oversized firewood only in the fire pits.

SMOKER WOOD IS OFF LIMITS
Any wood on the smoker is reserved for cooking and is not for guest use.

ALWAYS CHECK WITH STAFF
Please check with our staff before lighting a fire. Fires may not be permitted during fire bans or when our risk assessment determines conditions are unsafe.

NEVER LEAVE A FIRE UNATTENDED
No fires are to be left unattended.

EXTINGUISH WHEN LEAVING
Fires must be fully extinguished before leaving the area.

CHILDREN MUST BE SUPERVISED
Children must be accompanied by a responsible adult in these areas at all times.

PLEASE REMEMBER
Help us protect our beautiful Granite Belt environment.

Thank you for being considerate and leaving no trace.

THANK YOU FOR HELPING US KEEP GIRRAWEEN COUNTRY INN

a safe, welcoming and sustainable place for all.

Fireplace Guidelines

Nothing says country comfort quite like a crackling fire. To ensure everyone's safety and help us conserve firewood, please follow these guidelines.

Using the Fireplace

- Open the flue **only when lighting the fire**.
- Once the fire is established, **close the flue controls** to maximise the heat output into the room.
- Add **one piece of firewood at a time**. This provides the most efficient burn and helps reduce unnecessary firewood consumption.
- Never burn rubbish, plastics, cardboard, food scraps or any other waste materials in the fireplace.
- Never leave a fire unattended.
- Please ensure the fireplace screen or door remains closed while the fire is burning.

Firewood

- Please use **only the firewood provided in your room**.
- The upright timber stand supplied in your room contains sufficient firewood for the duration of your stay.
- Please do not collect or use firewood stored elsewhere on the property.
- Additional firewood will incur a **$50 firewood charge**. For Chalet guests, this includes the Colourbond firewood storage areas both **inside and outside** the Chalet.
- Our team will light and maintain the fireplaces in the communal guest areas for all guests to enjoy.

Thank you for helping us reduce unnecessary firewood use and minimise our environmental impact.

@GIRRAWEEN_COUNTRY_INN

Fire Pit Guidelines

Our outdoor fire pits are provided for guests to enjoy. For everyone's safety, please observe the following:

- Use **oversized firewood only** in the fire pits.
- Firewood stored on or beside the smoker is **reserved for cooking and is not for guest use**.
- Before lighting a fire, **please check with our staff**. Fires may not be permitted during fire bans or when our property risk assessment determines conditions are unsafe.
- Never leave a fire unattended.
- Fires must be **fully extinguished before leaving the area**.
- Children must be supervised by a responsible adult at all times while in the fire pit area.
- Please leave the area clean and dispose of any rubbish in the bins provided.

Thank you for helping us keep our guests, staff and the surrounding bushland safe while everyone enjoys the outdoors.
